

TWS wireless earphones, extra-slim design for night-time use and Sleep Mode with white noise

SKU: TEEARBTSLEEPW

Maximum comfort for meditation, relaxation and sleep with soothing white noise

DESIGNED FOR COMFORT WHILE YOU SLEEP

The **TWS Night Twin** are slim, lightweight wireless earphones designed to provide maximum comfort even when worn in bed or while sleeping. The soft **removable silicone ear tips** and **ultra-slim design** provide a secure yet gentle fit, adapting comfortably to your ears even when resting your head on a pillow. The earphones feature two modes: **Sleep Mode** is ideal for evening and night-time listening, while **Streaming Mode** lets you use them normally for music, calls, podcasts, audiobooks and other audio content.

PRELOADED WHITE NOISE AND NATURAL SOUNDS FOR RELAXATION

The earphones feature a built-in library of **white noise and relaxing sounds**, already preloaded so you can enjoy them without having to search for external content. Available sounds include **birds singing, ocean waves and gentle rain**, designed to create a calmer atmosphere while relaxing, meditating or getting ready to sleep.

SIMPLE AND INTUITIVE CONTROLS

The **stable wireless connection** offers an operating range of up to **10 metres**, giving you plenty of freedom to move. The integrated **touch controls** let you manage music and calls directly from the earphones: with just a few taps, you can control audio playback and volume, manage calls and activate white noise. You can also activate the **voice assistant on iOS and Android** to manage music, information and other functions without having to use your smartphone directly.

UP TO 15 HOURS OF BATTERY LIFE

The earphones provide up to **4 hours of continuous playback** on a single charge. When the battery runs out, simply place them back in their charging case and they will be ready to use again in just one hour. The charging case extends the total battery life up to **15 hours of use**.
