

Cryo Glass screen protector for iPhone 18 Pro Max/17 Pro Max, shock-resistant and with heat dissipation

SKU: TESCRCOOLIP1869

The protective glass that absorbs impacts and helps protect your smartphone from overheating.

PROTECTIVE GLASS WITH HEAT-DISSIPATION TECHNOLOGY

The **Cryo Glass** for **iPhone 18 Pro Max/17 Pro Max** is a **glass screen protector** featuring advanced heat-dissipation technology. Its special adhesive layer **helps dissipate heat** during intensive use and charging, helping to keep your smartphone cooler and protect the battery from overheating.

EFFECTIVE AGAINST IMPACTS AND SCRATCHES

The **shock-resistant protection** helps defend the screen against impacts and falls: this protective glass is specifically designed to absorb shocks. It is ideal for protecting the display when you keep your phone in a bag or backpack or while travelling, while also providing effective protection against scratches.

PROTECT YOUR SMARTPHONE FROM OVERHEATING WITH THE CRYO SET

The Cryo Glass screen protector combines transparency, durability and thermal protection in a slim and practical accessory. It can be paired with the **Cryo Mag Case** to create a complete set designed to protect your smartphone from heat, impacts and scratches.
